INTRODUCING CRETAN HOMES.COM

THE CRETAN PROPERTY SPECIALISTS

CRETAN-HOMES.COM announces the opening of their new Estate Agency in Makri Yialos harbour, Makriyalos, Eastern Crete.

Buying a property abroad can seem a very daunting prospect. However, with the growing opportunities in Eastern Crete, we have successfully been helping people from all over the world; build houses, businesses and investment properties, here in Crete.' (Abbe and Yiannis Karavitis, Sitia Radio August 2004)

We would like to thank those that have expressed an interest in our web site over the last month and would like to say that as we have so many great opportunities, please check the site regularly. Our list of land and houses, at the moment, is very extensive, but we are gradually adding all the properties, so bear with us as we come up to speed.

If, however, there are any properties that are of particular interest, or if you wish to build your own house or run your own business, please contact us by using the inquiry form on the net or faxing us your comments on **0030 28430 52105**.

Furthermore, as our web site is of importance to us, we are also interested in linking to other similar ventures and would be pleased to receive information from any relevant associates or companies.

THIS MONTH'S TOP PROPERTY

Our hottest property at the moment is the Apartment Block at Mesothokia, at the top end of Makriyalos village.

It is a wonderful group of eight apartments, both single and double bedrooms are available, and they each have their own unique character. This may be in the form of a fireplace or some wonderful beam work.

They all have their own balconies and can see the sea. Some have the most spectacular views and roof top terraces. Also the apartments share a wonderful communal garden and path, which leads straight down to the beach.

As they are at the top end of town, restaurants, bars and shops are all a small walk away and the facilities of the town are readily available. Contact us for details.
