SEPTEMBER PROPERTY SPECIALS

Hello and Welcome to our September Property Newsletter.

Have you ever thought about looking for properties in winter or spring? This seems to be important, as we have been asked a few times recently to provide details concerning property viewing. As more and more people in the UK opt statistically for a Christmas holiday abroad, this can be a good time to both look at property and enjoy a break away from home.

If you would like more details, please contact us and we can help arrange accommodation, organise travel arrangements and more importantly help you look for your place abroad.

This month we are adding more mountain village properties to our site. There are some good opportunities locally and with some renovation and time, they can be turned into lovely homes. Keep in touch with the latest property options, by clicking regularly onto our web site, www.cretan-homes.com

Businesses are also coming up for sale in the area, which could be of interest for those of you wishing to live and work here in Crete. As some of the local businesses are seasonal, winter is when you will have time to talk to the locals about their work.

Come and try your hand at making Raki or picking Olives for the wonderful olive oil! Those of you with properties may also own some olive trees and wish to make your own oil. This is the time to ask the questions and discover the answers!

THIS MONTH'S TOP PROPERTY

Our hottest property at the moment is the newly renovated house in Stavrochori.

This house is about 85m2 and has one bedroom, which is large enough to be split into two.

It is all newly renovated as you can see in the photographs and has a wonderful patio area, which is roughly 40m2 and affords a great sea view.

The current price is 98.500 Euros. Please contact us for more details.
